

2017 Road Show Production Meetings

NC STATE

EXTENSION

The agenda for each Road Show meeting will be the same and will cover current issues related to corn & soybean production. All meetings are set to begin at 9:30 AM and will conclude with lunch. (2 hours of X, N, D, O credits available)

All locations will include a separate "V" training for anyone who needs to re-certify their private pesticide applicator license in 2017. V training will begin at 1PM and end at 3PM. If you intend to re-certify, please make an effort to attend one of the following meetings. These will be the only meetings in the area to get V credits!

If you plan to attend a Road Show meeting, please visit:
