

Jordan,

Just a short note to let you and Senator Cook know how much I appreciate all you are doing for Hyde County. I totally understand the process and that now is the time for negotiating the local issues. Please fight as hard as you can against the \$150.00 priority pass. Most all of the 650 locals who have priority now are older with below average fixed incomes and have neither the money or time to wait or pay to go to the doctor, buy groceries etc. and then try to get HOME.

Our Board of Commissioners has passed a Resolution against ANY new ferry fees as has our regional RPO. The ferry service itself is against this priority pass. Please keep me posted on this budget and do the best you can. Thanks.

Bill
