

Can You Save the Life of Henry Berry by Donating a Kidney?

Henry Berry – a son, husband, father, grandfather and friend, whose dream – like all our dreams – is to live a long life watching his six grandchildren grow, but who after being on *dialysis five days a week for two years*, and on *Duke Transplant waitlist* for as long, will not realize that dream unless someone comes forward to donate a kidney **SOON**.

If you, or someone you know, *has “O” positive blood type*, and *willing to donate a kidney*, please contact Duke Transplant Center at 919-613-7777 for Henry Berry (DOB 11/25/53). Duke will send a donor kit to determine your blood type.

Thank you for sharing life
