

Resource Conservation Workshop
@
North Carolina State University
June 26th-July 1st, 2016

Bell Noble a rising sophomore at Pungo Christian Academy has been selected to attend the Resource Conservation Workshop at North Carolina State University on June 26th-July 1st, 2016. This workshop is hosted by the North Carolina Association of Soil & Water Conservation Districts. The Hyde Soil & Water Conservation District is sponsoring Bell by providing her registration fees and travel expenses.

Bell is the daughter of Derek & Kris Cahoon Noble of Swan Quarter, North Carolina. Bell is interested in learning about our natural resources and its management in today's environment.

The Resource Conservation Workshop is a week of intensive study requiring student's attention and participation in a wide range of conservation topics. The students will learn about soil characteristics and soil conservation, wildlife and fisheries management, forest management, non agricultural uses for soils and water quality and watershed management. The students will take several field trips to different facilities and will experience hands on learning in the field. At the end of the week of study the students will have an opportunity to compete for awards and scholarships through their participation in the workshop.
