

Public Meeting

Hyde County Flood Resiliency Plan

Friday, February 20, 2015

11 AM to 1 PM Town Hall Meeting

1:30 PM to 4:30 PM Technical Work Session

Hyde County Government Center, 30 Oyster Creek Rd., Swan Quarter, NC

The Hyde County Office of Economic Development & Planning and North Carolina Sea Grant have been exploring ways to make homes, farmland and infrastructure less susceptible to flooding!

Progress on this work will be presented at a public Town Hall meeting on February 20. This will be an interactive meeting with County and Sea Grant staff. County residents are encouraged to come learn about the options identified and to **provide input on flooding concerns which must be addressed.**

If you have photos of local flooding, please bring them to share!

Participants are invited to stay for the afternoon technical work session with Hyde County staff and local decision-makers. Sea Grant team members will present an economic analysis of some of the proposed flood-mitigation projects. The group will discuss additional project options, including public input from the Town Hall meeting.

The meeting will be hosted on February 20 at the Hyde County Government Center and will start at 11 AM. **Lunch will be provided to all participants.** Please RSVP to Rosemary Johnson (252.926.4474) by Feb. 13 to give the team an accurate lunch count.
