Following the pledge of allegiance and opening prayer by Commissioner Ballance the meeting was called to order.

Special Presentation:

Citizen Concerns – David Fletcher

Mr. Davis introduced Mr. David Fletcher who at the Monday, March 2, 2009 Commissioners meeting requested to be put on the next Board of Commissioners Meeting Agenda.

David Fletcher, Lake Landing, reminded the Board that he is still concerned about tires that are not load rated to fit County ambulances; of the December 5, 2008 letter written by EMS Director David Warren informing staff that time off was to be approved prior to the date needed; Mr. Warren is on the mainland only two to three days a week; and asked if housing was provided on the mainland for EMT's. Mr. Fletcher asked for a show of hands of EMS employees present and for those who had been told to attend.

Mr. Fletcher stated that the truck drivers who helped EMT-I Amanda Schmitt during the Mattamuskeet Farms accident have never been thanked properly by Emergency Services Director David Warren. Mr. Fletcher requested the County send a plaque thanking the volunteers.

Mr. Fletcher also asked if three new part-time EMT's were hired and questioned the legality of hiring without advertising in the newspaper.

County Manager Carl Classen confirmed three part-time EMT's were hired.

Mr. Fletcher ended his presentation by reporting that a Hyde County EMT in training had administered oxygen to a patient who was hyperventilating; that Viper Radios do not allow the EMT to contact Pungo District Hospital or the Medical Director; and that a \$200,000 EMS station is not necessary during bad economic times.

Emergency Services Director David Warren

Mr. Warren reported that Jane Hodges, Emergency Management – Code Enforcement Administrative Technician/Deputy Emergency Manager/Administrative Assistant to Emergency Services Director/EMT-I, thanked one of the December 5, 2008 volunteers during a phone call to the Inspections office. Mr. Warren instructed Ms. Hodges to ask for contact information for the other men but she stated he would pass the message on.

Mr. Warren utilized the newly installed electronic conferencing equipment to confirm load rating on the Firestone tires used on Hyde County ambulances. The Firestone tires purchased on State contract cost \$81.20 each. Mr. Warren stated the tires met safety guidelines with a front tire surplus of 1,160 pounds and a 430 pound rear tire surplus.

Mr. Warren reported protocol for treating a patient who is hyperventilating calls for placing an oxygen mask on the patient (without oxygen flow) to help calm the patient.

Mr. Warren reported the new radios work best when a Viper Tower is near and VHF radios reach approximately 30 miles. He stated the only time an EMT needs to contact Pungo District Hospital or the Medical Director is when standing orders do not apply. In 2004, Dr. Boyette wrote the Hyde County Standard Operating Procedures (SOP's).

Emergency Services Update

Emergency Services Director David Warren stated he appreciates constructive criticism and he believes Mr. David Fletcher's concerns were warranted based on the limited information he had been given.

Mr. Warren reported the goal of the EMS/ES Department is to provide the same professional level of service to all Hyde County citizens and visitors. Presently, there are three levels of care (Ocracoke, Ponzer, rest of County) depending on where service is needed. Currently, until the Mattamuskeet EMS station is finished, response times depend solely on where crew members are located at the time of a call, sometimes as much as 15 minutes away from each other resulting in 10 – 50 minute response from initial 911 call.

Mr. Warren stated State Office of Emergency Medical Services (OEMS) discourages three levels of care in Hyde County. In Eastern North Carolina 89 out of 100 County EMS Departments provide Paramedic level care; 9 departments employ EMT-Intermediate level care; and 2 departments employ Basic level care.

Medical Director Charles O. Boyette, MD

Medical Director, Doctor Charles O. Boyette advised that every possible aspect of Hyde County EMS should be upgraded to include equipment, paramedic training for EMT's, first responder training for volunteer firefighters, and a central location constructed. He reported that EMT's complete approximately 200 hours of training and paramedics 1000. Dr. Boyette stated the County must do what it can to assist those in need by providing the highest level of care possible.

Chairman Davis thanked Dr. Boyette for his time and support of Hyde County EMS. Mr. Davis asked if anyone had questions for Dr. Boyette. There being no questions, Chairman Davis continued the meeting.

Public Comments:

Chairman Davis called for comments from the public.

David Fletcher, Lake Landing, thanked the EMT's for their support.

Franklin Swindell, Engelhard, believes the new EMS station is wrong and Engelhard EMT's should stay where they are due to the cost of fuel and additional length of time for ambulances backtracking; asked why the cost of the new station is fluctuating; and stated he is tired of hearing EMT's who earn \$27,000 to \$28,000 gripe.

Lindsey Mooney, Fairfield, stated he has been a member of the Fairfield Volunteer Fire Department for 25 years and believes Hyde County has grown to need a central location over the years; EMT's should be at the EMS station when on duty where they will be better supervised

and directed to duties; Ocracoke EMS personnel are doing a great job; and reported Fairfield Volunteer Firefighters will attend the First Responder class at Swan Quarter Volunteer Fire Department next Tuesday.

Jeffrey Stotesberry, Chief, Swan Quarter Volunteer Fire Department (SQVFD), stated current EMS services in Hyde County are not acceptable and that it is time to move to the next level; gave report on several 9-1-1 calls he attended with Paramedic David Warren where lives were saved because of his care. In response to an e-mail written to the County Manager, Chief Stotesberry and Emergency Services Director David Warren gave the Commissioners a list of volunteers (43 total) from the Engelhard, Swan Quarter, and Ponzer Fire Departments who have agreed to attend training and become first responders.

Janet Russ, Fairfield, stated the citizens of Fairfield got their own EMS Unit 25 years ago, not from the County. She also reported Belhaven doesn't have a central location; questioned costs associated with a new building and equipment; and asked the Board to consider how Mattamuskeet EMS Station will disturb the school.

Wayne Pugh, President, Ponzer Volunteer Fire and Rescue (PVFRD), stated Commissioner Spencer never asked how many Ponzer citizens wanted the class. He asked Ponzer citizens in attendance how many plan to take the First Responder class. Fourteen (14) PVFRD members responded. Mr. Pugh stated Ponzer backs Mattamuskeet EMS Station 100%.

Daniel Edgar, Engelhard, thanked EMS Director David Warren for his efforts to improve Hyde County EMS. Mr. Edgar reported that he is not from Hyde County and believes the current EMS system is a joke compared to others he has seen. Mr. Edgar also stated a couple years ago he had a heart attack and chose to have his wife drive him the Outer Banks Hospital rather than trust Hyde EMS.

Vickie Armstrong, Ponzer, stated she waited one and one-half hours after placing a 9-1-1 call for Roberson McKinney, her uncle who was in respiratory distress, before Belhaven EMS arrived. Ms. Armstrong supports the new Mattamuskeet EMS Station and paramedic services in Hyde County.

Cleve Gibbs, Chief, Fairfield Volunteer Fire Department (FVFD), stated the first 15 minutes of a rescue call is critical but the next 45 minutes are lifesaving. Mr. Gibbs grew up in Engelhard. He stated Engelhard is really covered by a local unit only 50% of the time, and current EMS units have to backtrack.

Jimmy Midgette, Engelhard, stated he has roots in Hyde County and has returned to live in the county. Mr. Midgette requested help (dirt) from the County to build up his property.

Chairman Davis instructed Mr. Midgette to call County Manager Carl Classen to discuss his request.

Glen Hockney, Middletown, stated he is working on a project to clean up contaminated bays in Hyde County. Mr. Hockney asked why his property taxes that were reduced in 1993 and 2001 have been raised again. He asked the Board to investigate why Pearson Appraisal Services was selected.

County Manager Carl Classen stated a Request for Proposal (RFP) was done and Pearson Appraisal was selected through a public process in accordance with State law.

Chairman Davis declared recess at 8:55 PM.

There being no further public comment, Chairman Davis continued the meeting at 9:00 PM.

Public Hearing:

Kris Noble, Grant Technician reported that the grant would be used to develop capacity to undertake future grant related activities that Hyde County has been previously unable to carry out. The Talent Enhancement Demonstration Grant must result in a future Community Development Block Grant application within 24 months of the grant award.

Hearing no comments from the public, Commissioner Ballance moved to close Public Hearing. Mr. Byrd seconded the motion. The motion passed on the following vote: Ayes – Ballance, Byrd, Spencer, Swindell, and Chairman Davis; Nays – None; Absent or Not Voting – None.

Mr. and Mrs. Cornelle have subdivided their property in the past, as they have been dividing their property for future estate purposes and now request permission to divide their 11.65 acre parcel, which is in their name into three parcels. Parcel B1 will consist of 4.59 acres; Parcel B2 will consist of 4.59 acres; and Parcel B3 will consist of 2.16 acres and is their primary residence.

The division of this property requires a variance as 30' private roadway does not meet the requirements of the subdivision ordinance. The Cornelle's have presented divisions of property in the past and do not plan to divide this property in the future.

With the exception of the width of the private road, the lot division of Parcel B1, Parcel B2, and Parcel B3 meets the requirements of the Hyde County Subdivision Ordinance.

Commissioner Byrd reported Albemarle Mental Health will have a second mobile crisis unit soon, which will serve Hyde, Tyrrell, and Washington counties. The mobile crisis unit will take custody of the patient from the sheriff and transport him/her to the hospital, which will end the practice of deputies and/or the Sheriff spending long hours on transports.
