

Enroll Your Organization in Our New Diabetes Management Program!

We Have Exciting News - NCLM's Health Benefits Trust Has a New Program to Help Employers Save Money and Employees Stay Healthy and Manage their Diabetes!

As a decision maker and/or group administrator over your organization's health insurance coverage, it's important for you to understand our new Diabetes Management Program, our partner HealthMapRx, how to enroll your organization, and how to help your employees enroll.

WHAT IS HealthMapRx™ DIABETES MANAGEMENT?

- A benefit available to North Carolina League of Municipalities' Health Benefits Trust members.
- A voluntary program sponsored by North Carolina League of Municipalities and available at NO COST to employees covered under the Health Benefits Trust.
- North Carolina League of Municipalities and/or your employer WILL NOT have access to any personal health information.

EMPLOYEE CRITERIA FOR HEALTHMAPRX:

- The employee or dependent takes medication for chronic conditions such as diabetes or pre-diabetes?

What's in it for the Individual Member?

Each compliant participant will be awarded up to \$120 per year.

Co-pays are covered at 100% for condition-related preferred medications from the OptumRx Preventative Medication List.

Pharmacist Care Manager will meet with you face-to-face, 4-6 times per year during work hours.

THREE ENROLLMENT OPTIONS AVAILABLE:

1. Enroll Online: <https://www.ppcn.org/nclm.html>
2. Fax or mail completed participant information form to PPCN
3. Contact Suzanne Brown, PPCN Administrative Assistant
