Art Class Announcement

MATTIE Arts Center brings you its first offering in their new Down Draft Studio:

**HARDWOOD POWER CARVING
DREMEL "101" FOR BEGINNERS**

Master craftsman Jimmie Huggins began carving wood at the age of 12. Now, in his senior years, he wants to pass his knowledge on to the younger generations and hopefully find a protégée or two!

Instruction in the proper use of the dremel tool, its attachments, and various carving bits. Working with the dremel 4000, you will start with a patterned walnut blank for a decorative leaping dolphin. You will learn how to detail, sand, and apply finishing touches to fashion it into a pendant or key chain centerpiece.

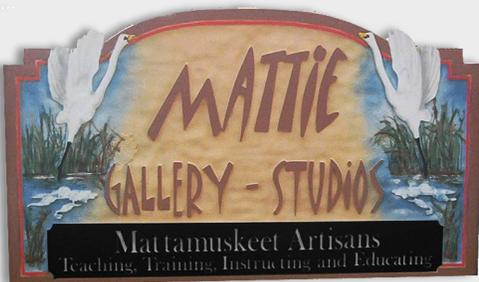

This is a 3 hour session requiring no experience...just a steady hand and patience. You should be able to complete your project in a single session.
