### Hyde County, NC

PRESS RELEASE RELEASE: February 3, 2017

#### **Notice to Hyde County Homeowners with Residences on Ocracoke**

Given the significant flooding on Ocracoke as a result of Hurricane Matthew, Hyde County is accepting applications from flooded homeowners on the island who wish to be considered for Hazard Mitigation Grant (HMGP) Funds to elevate, reconstruct, or acquire flooded residential properties. This outreach is an attempt to provide assistance to households that experienced major flood damage from Hurricane Matthew. To receive an HMGP application, please contact Rosemary Johnson, Hyde County Planning Assistant, at 252-926-4178 or via email at [rjohnson@hydecountync.gov](mailto:rjohnson@hydecountync.gov). Applications are available immediately and must be completed and returned to the Planning Office by February 17, 2017 to be considered.
