WHAT IS NALOXONE? Naloxone is an effective, non-abuseable medication that reverses opioid drug overdose. Opioids include heroin, methadone and prescription painkillers such as Percocet, Vicodin, Oxy, etc. Naloxone restores breathing in the overdose victim.

FREE NALOXONE

is available at the Hyde County Health Department. Please stop by 1151 Main St., Swan Quarter, 27885.

NC'S GOOD SAMARITAN LAW

Under NC law, you can call 911 for help during a drug overdose. The victim and the caller are protected from prosecution for the following:

- Possession of small amounts of most drugs
- Possession of drug paraphernalia
- Underage possession or consumption of alcohol
- Violating conditions of parole, post-release or probation

DISPOSE OF NEEDLES PROPERLY

in red "Sharps" containers to prevent needle stick injuries.
